## Declaration of Conformity UE

Issued by Hoffman Schroff Poland Sp. z o. o. ul. Strefowa 10; 58-200 Dzierżoniów, Poland declare at our sole responsibility, that this device is designed and constructed according to the fundamental safety and health requirements of the relevant EC directives.

**Equipment Description:** GL66 Wall-Mount enclosures  
**Applicable Directives:** 2014/35/EU Low Voltage Directive [LVD]  
 Laws for electrical equipment within certain voltage limits  
**Applicable Standards:** IEC/EN 62208:2011  
 Empty enclosures for low-voltage switchgear and controlgear assemblies

Type of Enclosures	IEC/EN 60529:2003 Degrees of protection provided by enclosures (IP code)*	IEC/EN 62262:2003 Degrees of protection provided by enclosures (IK code)	UL 508A Listed File No. E61977 Type:	NEMA/ EEMAC Type:	CSA File No. 42186 Type:	
<b>MILD STEEL</b>	M - single door 	IP66	IK9	12, 4	12, 13, 4	12, 4
	M - double door 	IP55	IK9	12	12	12
	MHC 	IP66	IK9	12, 4	12, 4	12, 4
	MSC 	IP66	IK9	12, 4	12, 4	12, 4
<b>STAINLESS STEEL</b>	M - single door 	IP66	IK10	12, 4, 4X	12, 13, 4, 4X	12, 4, 4X
	M - double door 	IP55	IK10	12	12	12
	MSC 	IP66	IK10	12, 4, 4X	12, 4, 4X	12, 4, 4X

\* Enclosure openings must be filled by equipment marked with the same certification as the enclosure.

**Powder Paint (only for Mild Steel):** DTOV2 powder paint with a small rough texture for outdoor use on the basis of polyester and epoxy resins

Products have been designed, manufactured and controlled according to certified Quality Management Systems ISO 9001:2008

The last two digits of the year in which the CE marking: 15
